Pediatric Intensive Care – Boot Camp

November 18-19, 2022
Gunten, Lake Thun

igpni-2022.congress-imk.ch

WELCOME

Dear Colleagues

We are delighted to invite you to the pediatric intensive care bootcamp in Switzerland organized by the Pediatric and Neonatal Intensive Care Interest Group (IG PNI) of the Swiss Society of Intensive care medicine (SGI/SSMI).

This is a two-day course covering selected topics relevant for physicians pursuing a career in pediatric and/or neonatal intensive care. Clinicians with an interest in pediatric and neonatal critical care should also consider attending this course.

The interactive course is comprised of lectures, workshops, talks and clinical vignettes and strives to bring like-minded clinicians together. Participants will be asked to present a brief clinical vignette, which will be open for a group discussion.

The number of participants is limited, which will ensure the interactive nature of the educational experience. The course is designed to facilitate networking between aspiring pediatric and neonatal intensivists in Switzerland and was the intention of promoting collaboration among Switzerland's NICUs and PICUs.

Francis Ulmer
Consultant
PICU Berne

Martin Stocker
Head of Unit
PICU/NICU Lucerne

Bjarte Rogdo
Head of Dept.
Paediatrics Chur

Janet Kelly
Consultant
PICU Zurich
